## DETAILED ACTION

### *Allowable Subject Matter*

1. Claims 1, 3-5, 7-22, and 24-28 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Claims 1, 3-5, 7-22, and 24-28 are allowed in view of Applicant's amendment, accompanying remarks, and declarations filed on 08/24/2007.

Specifically, regarding Independent Claims 1, 5, 12, 19, and 28, although **Browne** discloses the use of ionic and dielectric electro-active polymers, **Browne** does not disclose the use of a bistable polymer actuator that changes between being an ionic polymer and a neutral polymer as defined by the applicant. The polymer disclosed by the applicant changes its shape by permanent, but reversible redox reaction and that each state is stable until an opposite reaction is caused by applying a voltage (see page 13 of the remarks), and therefore differs from the ionic and dielectric polymers disclosed in **Browne**.

Claims 3, 4, 7-11, 13-21, 22, and 24-27 are allowed for being dependent upon an allowable base claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
